ELIJAH OBISESAN

FRONT-END DEVELOPER

ABOUT MYSELF

I am an upcoming Webb developer who started this journey some months ago. Since I started till now, I've been taking as many knowledge as I can. As many available to me. Thus, currently seeking internships whether paid or not cause what I am looking for and cherish more is just experience.

COMPETENCIES

Skills acquired so far
- HTML
- CSS
- JavaScript
- Boostrap5

Able to work with:
- Git

WORK EXPERIENCE

Currently seeking real-world work experience by applying for internship opportunities.
This is because I've realized that just practicing without simulating a real-life work-flow isn't enough.
